DISCLOSURE INFORMATION

NOTE FROM CPDA: THIS TEMPLATE IS USED TO CONVEY DISCLOSURE INFORMATION TO LEARNERS AT LIVE MEETINGS AND MUST BE PROVIDED AS AN INSERT ONLY IF YOU ARE UNABLE TO INCLUDE THE INFORMATION DIRECTLY IN THE PROGRAM MATERIALS. PLEASE COMPLETE DELETE THIS TEXT AND COMPLETE THE HIGHLIGHTED FIELDS BELOW, BEFORE PROVIDING THE LIST TO LEARNERS.

**AACS 2022 ANNUAL SCIENTIFIC MEETING
FEBRUARY 3-5, 2022 (CADAVER WORKSHOP ON FEBRUARY 2, 2022)
LAS VEGAS, NEVADA**

In accordance with the ACCME Accreditation Criteria, the American College of Surgeons must ensure that anyone in a position to control the content of the educational activity (planners and speakers/authors/discussants/moderators) has disclosed all financial relationships with any commercial interest (termed by the ACCME as an “ineligible company”, defined below) held in the last 24 months (see below for definitions). Please note that first authors were required to collect and submit disclosure information on behalf all other authors/contributors, if applicable.

Ineligible company: Any entity producing, marketing, re-selling, or distributing health care goods or services used on or consumed by patients. Providers of clinical services directly to patients are NOT included in this definition.
Financial Relationships: Relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received, or expected. ACCME considers relationships of the person involved in the CME activity to include financial relationships of a spouse or partner.
Conflict of Interest: Circumstances create a conflict of interest when an individual has an opportunity to affect CME content about products or services of an ineligible company with which he/she has a financial relationship.

The ACCME also requires that ACS manage any reported conflict and eliminate the potential for bias during the educational activity. Any conflicts noted below have been managed to our satisfaction. The disclosure information is intended to identify any commercial relationships and allow learners to form their own judgments. However, if you perceive a bias during the educational activity, please report it on the evaluation.
