WELCOME

Welcome to New Orleans, our host city, for the 2024 Annual Scientific Meeting of the American Academy of Cosmetic Surgery! As the Program Chair, it is my pleasure to extend a warm welcome to all attendees. We are delighted to have you join us at this milestone gathering, and at the prestigious Hilton New Orleans Riverside Hotel.

In celebration of the AACS's 40th anniversary, this event promises to be a remarkable experience as we explore the future of aesthetic surgery while reflecting on the progress and history of our organization. Our keynote speaker, Sonja Sattler, M.D., will take us on a journey exploring "The Future of Aesthetic Surgery," providing valuable insights into the evolving landscape of our industry. Additionally, we have a special treat in store for you with the "Past-Presidents Pearls Panel," where the giants of AACS history will share indispensable pearls of wisdom from their esteemed careers. Throughout the event, we have planned an array of celebrations and surprises to commemorate this momentous occasion.

We are excited to introduce novel sessions that will provide valuable information and address key topics in the field of cosmetic surgery. These sessions include "Pitfalls to Avoid in Surgery Center Accreditation," "Cybersecurity," and "Morbidity & Mortality Conferences." Offering unique perspectives, practical advice, and the latest insights, these sessions are designed to enhance your practice and ensure patient safety.

To further enhance your experience at the 2024 Annual Scientific Meeting, we invite you to attend the pre-meeting workshop, "Practical Use of Ultrasound for Safe BBL Surgery and More." Led by 2024 Webster Lecturer Dr. J. Kevin Duplechain and esteemed faculty, this workshop will provide a hands-on experience with handheld ultrasound, emphasizing the practical application of this technology for safe procedures.

Join us for the pinnacle of our 40th-anniversary celebration at the Webster Society Gala, where we will celebrate the Academy's remarkable journey. This prestigious event will unfold at the renowned World War II Museum, offering a distinctive and unforgettable backdrop for this special occasion. At the gala, we will proudly present the 2024 Webster Award to Dr. J. Kevin Duplechain, recognizing and honoring his outstanding contributions to the field of cosmetic surgery.

Don't miss out on this unforgettable experience! Reserve your spot at the Webster Society Gala during the registration process for the Annual Scientific Meeting. We encourage you to take part in this remarkable celebration and create lasting memories with colleagues and friends.

Once again, we extend our warmest welcome to the Annual Scientific Meeting of the American Academy of Cosmetic Surgery. We hope you find this event informative, inspiring, and enjoyable. Thank you for being a part of this milestone celebration, and we look forward to seeing you in New Orleans!

Sincerely,

CME CREDIT STATEMENT

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of American College of Surgeons and American Academy of Cosmetic Surgery. The American College of Surgeons is accredited by the ACCME to provide continuing medical education for physicians.

AMA PRA CATEGORY 1 CREDITS™

The American College of Surgeons designates this live activity for a maximum of **25.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Award of CME credits by ACS is based on compliance of the program with the ACCME accreditation requirements and does not imply endorsement by ACS of the content, the faculty, or the sponsor of the program.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the learner to earn credit toward the CME of the American Board of Surgery's Continuous Certification program.

HOW TO CLAIM CME CREDIT

Complete the online "Evaluation & CME Claim Form" within 25 days of the conclusion of the meeting, or by Wednesday, March 20, 2024.

To assist you in calculating the number of CME hours for which you are eligible, please refer to the CME worksheet in your registration packet.

Do not return the worksheet at the registration desk. Rather, claim your CME by completing the online form at the link or QR code below. The online form is titled, "Evaluation & CME Claim Form."

<https://www.surveymonkey.com/r/Z9BQ8K8>

Deadline to Claim CME Credit: March 20, 2024

ACCESSING YOUR CME CERTIFICATE

Those who submitted the online "Evaluation & CME Claim Form" by Wednesday, March 20, 2024, are eligible to receive a CME certificate.

Your CME certificate will be available by April 3, 2024, within your record in the AACS Learning Engagement Portal, <https://cme.cosmeticsurgery.org/>.

An email will come from the AACS when your certificate is ready for download.

EVALUATION

The AACS 2024 Annual Scientific Meeting Committee requests that you complete the overall evaluation survey you will receive via email in the days following the in-person meeting. Your feedback is very valuable to us. We make changes to the meeting and faculty based on your comments. Thank you for your participation!

DISCLOSURE INFORMATION

In accordance with ACCME accreditation criteria, the American College of Surgeons must ensure that anyone who is in a position to control the content of the education activity (planners and speakers/authors/discussants/moderators) has disclosed all financial relationships with any commercial interests (termed by the ACCME as "ineligible companies") in the last 24 months. Please note that first authors were required to collect and submit disclosure information on behalf of all other authors/contributors, if applicable. Please find the listing on the meeting website at: <https://aacs2024.cosmeticsurgery.org/>

PROGRAM OBJECTIVES

This activity is designed for physicians. Upon completion of this course, attendees will be able to:

- Apply a contemporary understanding of techniques and research in their cosmetic surgery practice.
- Demonstrate existing limitations in their practice and develop judicious plans to overcome them or establish prudent practice restrictions.
- Improve patient care, safety and aesthetic outcomes.
- Diagnose various complications in face and body cosmetic surgery.
- Describe established techniques and options for various procedures.
- Introduce appropriate procedures and aesthetic offerings to patients with maximum benefit and safety.
- Distinguish the risks and benefits of surgical vs. non-surgical approaches through appropriate clinical analysis.
- Evaluate the value of new technologies and strategies for anti-aging effects.

Join a team of internationally renowned cosmetic surgeons as they guide you through this half-day practical course on the use of **hand-held ultrasound for safer Brazilian Butt Lift Surgery.**

Modern hand-held ultrasound is fast becoming an indispensable part of the cosmetic surgeon's toolkit when it comes to patient safety. Updated regulations in Florida now require ultrasound-guided visualization when performing the Brazilian Butt Lift procedure, and it is likely that more states and further procedure types will follow.

Through lecture and hands-on practice, attendees will develop a thorough understanding of the value of ultrasound as a modality and improve their competence in use of hand-held ultrasound for Brazilian Butt Lift.

Attendees will break into groups and learn from the experts, as they undertake gluteal ultrasound and

Join us to hear internationally renowned handwriting expert, Michelle Dresbold, provide insights on how to integrate handwriting analysis, also known as brainwriting, into your practice to better understand your patients and staff. This knowledge will help make more informed decisions, for example, with respect to hiring employees and a better understanding of patients and their potential issues.

The Women in Cosmetic Surgery (WiCS) Section is a special interest section within the AACS open to any AACS member. The goal of the WiCS Section is to enable women surgeons to develop their individual potential as professionals and promote an environment within the AACS that fosters inclusion, respect, and success. The WiCS Committee developed the WiCS Session to be inspirational, educational, and foster friendships and connections.

ALL ARE WELCOME
We encourage attendees to wear purple for this event.

Know Thy Neighbor!
Meet & Greet Apéritif

FRIDAY, FEBRUARY 23, 2024

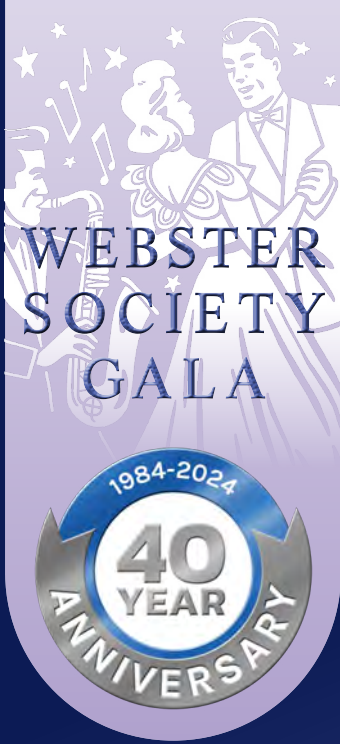

5:30PM-6:00PM

GRAND BALLROOM C

As you'll hear during the Advocacy Panel, knowing and working together with your colleagues in your local area or state is vital when it comes to advocating for your right to the safe practice of cosmetic surgery. Build relationships in your state, get to know your neighbors and enjoy an apéritif together at this pre-Webster Gala Meet & Greet.

The room is marked with 6 regions: West, Southwest, Midwest, Southeast, Northeast, and International. Go to your region to meet your neighbors.

Don't miss this special event with your friends and colleagues while supporting a great cause!

We have planned a very special evening to include cocktails, dinner, entertainment and dancing, as we celebrate our 40 year anniversary.

Plan to attend and support the legacy of Dr. Richard Webster as we honor the 2024 Webster Society Lecture recipient, Dr. J. Kevin Duplechain.

The National WWII Museum tells the story of the American experience in the war that changed the world—why it was fought, how it was won, and what it means today—so that all generations will understand the price of freedom and be inspired by what they learn. Our event will take place in the U.S. Freedom Pavilion: The Boeing Center, which showcases the macro artifacts of the war such as airplanes, artillery, tanks and other equipment. The expansive space features elevated visitor catwalks for a dramatic view of the aircraft.

THE WEBSTER SOCIETY

Dr. Richard Webster

The Webster Society was named after Dr. Richard Webster, the "Father of Cosmetic Surgery," who was a generous educator and stood for the principles of inclusivity, education, and patient safety.

Those who donate \$1,200 per year, or what equates to \$100/month, to the Cosmetic Surgery Foundation become a member of this special group. Webster Society donors receive 2 tickets to the Webster Event plus other acknowledgments. The donation is tax deductible as a charitable donation.

Please consider showing your support of the AAC&S & CSF by joining the Webster Society! You may make your donation at the same time as registering for the Annual Scientific Meeting. **Even if you are not a member of the Webster Society, we cordially invite you to attend the Webster Gala.** All are welcome!

**The Future of Weight Loss:
The GLP-1 Agonist Revolution**

Lydia A. Bazzano, MD, PhD, MPH

Lynda B. and H. Leighton Stewart Professor of Nutrition Director, Center for Lifespan Epidemiology Research Tulane University School of Public Health and Tropical Medicine

Dr. Bazzano is the Lynda B and H. Leighton Stewart Professor of Nutrition in the Department of Epidemiology at Tulane University's School of Public Health and Tropical Medicine and Director of Tulane's Center for Lifespan Epidemiology Research. She received a Bachelor of Science degree in biology from Newcomb College and earned her MPH, PhD, and MD from Tulane University. She completed her internship and residency at Beth Israel Deaconess Medical Center, Harvard Medical School, and is board certified in Internal Medicine. Dr. Bazzano's research focus is the study of nutrition and its influence on chronic disease over the life course. She has led a number of NIH-funded research studies that explore dietary interventions for weight loss and the reduction of vascular risk factors, producing more than 200 peer-reviewed publications as first author or co-author. Dr. Bazzano served on the 2020-2025 Scientific Advisory Committee to the Dietary Guidelines for Americans. Her work on the macronutrient composition of weight loss diets has garnered attention from major media outlets including the New York Times, Time magazine, and National Public Radio.

2024 WEBSTER LECTURER

SESSION 17 Friday | Feb 23, 2024 | 9:00AM

2024 Webster Lecture

J. Kevin Duplechain, MD, FAACS, FACS

Lafayette, Louisiana

Dr. Duplechain, a cosmetic surgeon, is board certified by the American Board of Cosmetic Surgery (ABCS), the American Board of Facial Cosmetic Surgery, the American Board of Facial Plastic Surgery, and the American Board of Otolaryngology/Head and Neck Surgery. Dr. Duplechain's practice focuses on facial and body rejuvenation with a particular focus on facial rejuvenation. He has served on many committees including the emerging trends committee for the AAFPRS, the Young Surgeon's Committee for the American College of Surgeons, and currently, oversees advocacy for the American Academy of Cosmetic Surgery. He has also served on the Executive Committee and the Board of Trustees for the American Board of Cosmetic Surgery. He helped revitalize and serve as the co-director of the AACS pre-conference Cadaver Workshop since 2015.

Dr. Duplechain, while serving on the executive committee for the ABCS, developed the "Campaign of 100" — the ABCS's public awareness campaign — which has now raised over 1 million dollars on behalf of the ABCS. He has also served as the chairman for the American Society of Cosmetic Laser Surgery and has planned numerous meetings for the AACS including the World Congress of Liposuction in 2019, and the 2020 and 2021 AACS Annual Scientific Meetings. He has also been chosen as one of the Best Doctors in America by his peers for 25 consecutive years. Dr. Duplechain considers serving as the president of the AACS one of the greatest honors of his professional career.

Secrets Hidden in Your Handwriting: Tips and Tools to Help Clinicians Make More Informed Decisions

Michelle Dresbold

Michelle Dresbold is an internationally-renowned Secret Service trained handwriting expert, personality profiler, author, speaker, and artist. For over twenty years, Michelle has drawn on her handwriting profiling skills to engage live and televised audiences, provide expert witness services in hundreds of court cases, and fascinate readers of her syndicated columns and nationally published book, "Sex, Lies, and Handwriting."

You will obtain insights on how to integrate Handwriting Analysis, also known as Brain Writing, into your practice to better understand your patients and staff and make more informed decisions, for example, with respect to hiring employees and potentially identifying diseases in patients such as depression, anorexia, or body image issues.

SESSION 31 Saturday | Feb 24, 2024 | 8:45AM

Will We Need Aesthetic Surgery in the Future? My Minimally Invasive Aesthetic Combination Treatments to Avoid Future Surgeries.

Sonja Sattler, MD

CEO/Medical Director, Rosenpark Klinik, Darmstadt, Germany

Leveraging her background in dermatology, Dr. Sonja Sattler has been working in the field of Cosmetic/Aesthetic Medicine for 25 years. She specializes in various skin treatments, including facial rejuvenation using toxins, fillers, and EBDs (Energy-Based Devices) such as laser therapy, in addition to her expertise in general dermatologic surgery. Dr. Sattler's knowledge extends to body rejuvenation techniques like cellulite treatments and vaginal rejuvenation. Additionally, she has authored more than 20 articles in international scientific journals.

After graduating from medical school in Human Medicine in 1993, Dr. Sattler undertook a 5-year residency program focusing on dermatology and dermatologic surgery. In 1996, she co-founded the Rosenpark Clinic, Rosenpark Research, and BELLARI alongside her husband, Dr. Gerhard Sattler. Apart from her role as an Aesthetic Physician and Researcher in Dermatology and Aesthetic Dermatology, she has been responsible for overseeing the clinic's financials, human resources, and organizational matters. Until 2018, Dr. Sattler also organized the renowned "International Darmstadt Live Symposium for Dermatologic Surgery and Plastic Surgery," which attracted experts from all over the world to showcase live surgeries.

Dr. Sattler has held the position of Associate Executive Director of the International Society for Dermatologic Surgery (ISDS) since 2004. Driven by her passion for teaching, she frequently delivers scientific lectures at national and international congresses, as well as training courses and hands-on workshops.

ATTENDEE DUE DILIGENCE

An exhibitor's participation in the Annual Scientific Meeting is not an endorsement by the AACS of the exhibitor, its products or services, or information provided by the exhibitor. AACS makes no representations or warranties regarding any exhibitor or its products or services. An attendee's decision to purchase and use an exhibitor's product or service is at the attendee's sole risk. Due to the international nature of the Annual Scientific Meeting, exhibitors from many countries may exhibit at the Annual Scientific Meeting.

It is the responsibility of each attendee to practice due diligence and evaluate an exhibitor's products or services to determine whether the exportation, importation, licensing, or use of an exhibitor's products or services is consistent with the law and medical rules, standards, and ethics applicable to the attendee.

You are invited to visit the exhibit show at the Annual Scientific Meeting. Companies of interest to cosmetic surgeons will be displaying their products and services. Representatives will be available to answer questions.

ABOUT THE ACADEMY

The American Academy of Cosmetic Surgery is the professional society for physicians from all specialties looking to advance their skills in cosmetic surgery and promote patient safety.

With more than 13 million people undergoing cosmetic surgery procedures today, now, more than ever, cosmetic surgeons are seeking new and innovative products and services to ensure excellent and safe outcomes and to grow their practices.

Established in 1985, and today serving more than 1,600 members, the Academy supports cosmetic surgery professionals with education and training opportunities that will provide them with the tools to consistently offer high quality patient care. From live surgery workshops and WebClinics to our Annual Scientific Meeting, the AACS provides year-round opportunities for physicians to come together and share the latest and best cosmetic surgery techniques, research, business strategies, technologies, and products.

MISSION STATEMENT

We provide education, professional development and advocacy to advance the multi-specialty, global discipline of cosmetic surgery and aesthetic medicine.

RULES AND PROPER ETTIQUETTE

The Annual Scientific Meeting is an educational activity. Attendees are expected to maintain professional etiquette and extend proper courtesies. Inappropriate behaviors will not be condoned.

Soliciting business in the meeting rooms or spaces is prohibited. Only registered exhibitors, in the Exhibit Hall, may solicit business. There will be no distribution of handouts, flyers or promotional items other than the official Abstract Book, or other than exhibitor items in the exhibit hall.

Any handout or flyer intended for the handout table by the registration desk must be pre-approved by the AACS CEO/Executive Director. Any unapproved handouts will be removed and discarded. Inappropriate postings in the conference app or other meeting spaces or message boards will be removed and discarded.

The timing of any private ancillary meeting must be approved by the AACS.

DISCLAIMER

Registrants understand that the material presented at the Annual Scientific Meeting has been made available under sponsorship of the American Academy of Cosmetic Surgery (AACS) for educational purposes only. This material is not intended to represent the only, nor necessarily the best, method or procedure appropriate for the medical situations discussed, but rather is intended to present an approach, view, statement or opinion of the faculty which may be of interest to others. As an educational organization, the AACS does not specifically approve, promote or accept the opinions, ideas, procedures, medications or devices presented in any paper, poster, discussion, forum or panel at the Annual Scientific Meeting. Registrants waive any claim against AACS arising out of information presented in this Meeting.

Registrants understand and acknowledge that volunteer patients may have been asked to participate in the Annual Scientific Meeting sessions for educational and training purposes. Registrants shall keep confidential the identity of, and any information received during the Annual Scientific Meeting regarding, such volunteer patients.

Registrants further understand and agree that they cannot reproduce in any manner, including, without limitation, photographs, audiotapes and videotapes of the Annual Scientific Meeting sessions. All property rights in the material presented, including common law copyright, are expressly reserved to the presenter or to the AACS. The sessions may be audio, videotaped, or photographed by the AACS.

By attending this program, in no way does it suggest that participants are trained and/or certified in the specialty of cosmetic surgery. All speakers, topics, and schedules are subject to change without prior notification and will not be considered reasons for refund requests.

Registrants agree to abide by all policies and procedures of the AACS. Registrants waive any claim against AACS for injury or other damage resulting in any way from course participation.

“WEBSTER 100” CHALLENGE

Giving made easy through monthly donation.

Be Part of the “Webster 100”

Please pledge your support to your Academy when you renew your dues this year. With a tax-deductible, recurring donation of \$100 per month, you’ll literally get a seat at the table—two seats actually—at the Webster Society Event at the Annual Scientific Meeting—when you hit the \$1,200 Webster Society level of giving. Your Academy needs your support, and so we’re challenging our membership to “get your name on the guest list” when you become part of the Webster 100.

To get on this exclusive list, simply sign up to make a recurring donation of \$100 per month for the next year when you renew your dues. And for those of you who have already renewed your dues, please get your name on the list by signing up today to pledge \$100 per month to help your Academy fund research, programming, and other training initiatives.

Your dollars will go to work for you: All money donated will be spent to enhance the research and scholarship necessary to sustain our cosmetic surgery industry so that we continue to be at the forefront of the field.

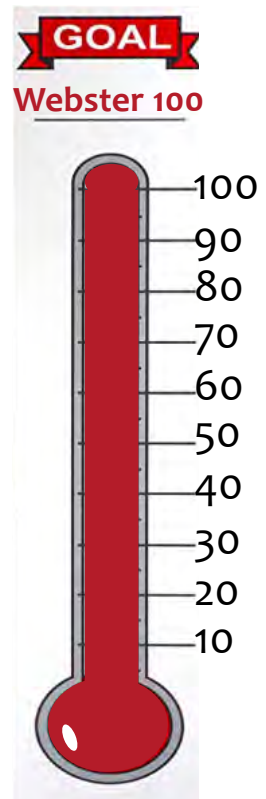

Help us achieve the Webster 100!

It’s easy to do! Sign in to your profile to renew your dues for 2024 and set up a recurring \$100 monthly donation for the year to achieve Webster Society Event level giving.

If you’ve already renewed your dues for 2024 but would like to further support your Academy and its missions, set up or make your donation today at the link below.

Help us reach our “Webster 100”!

Did you know?

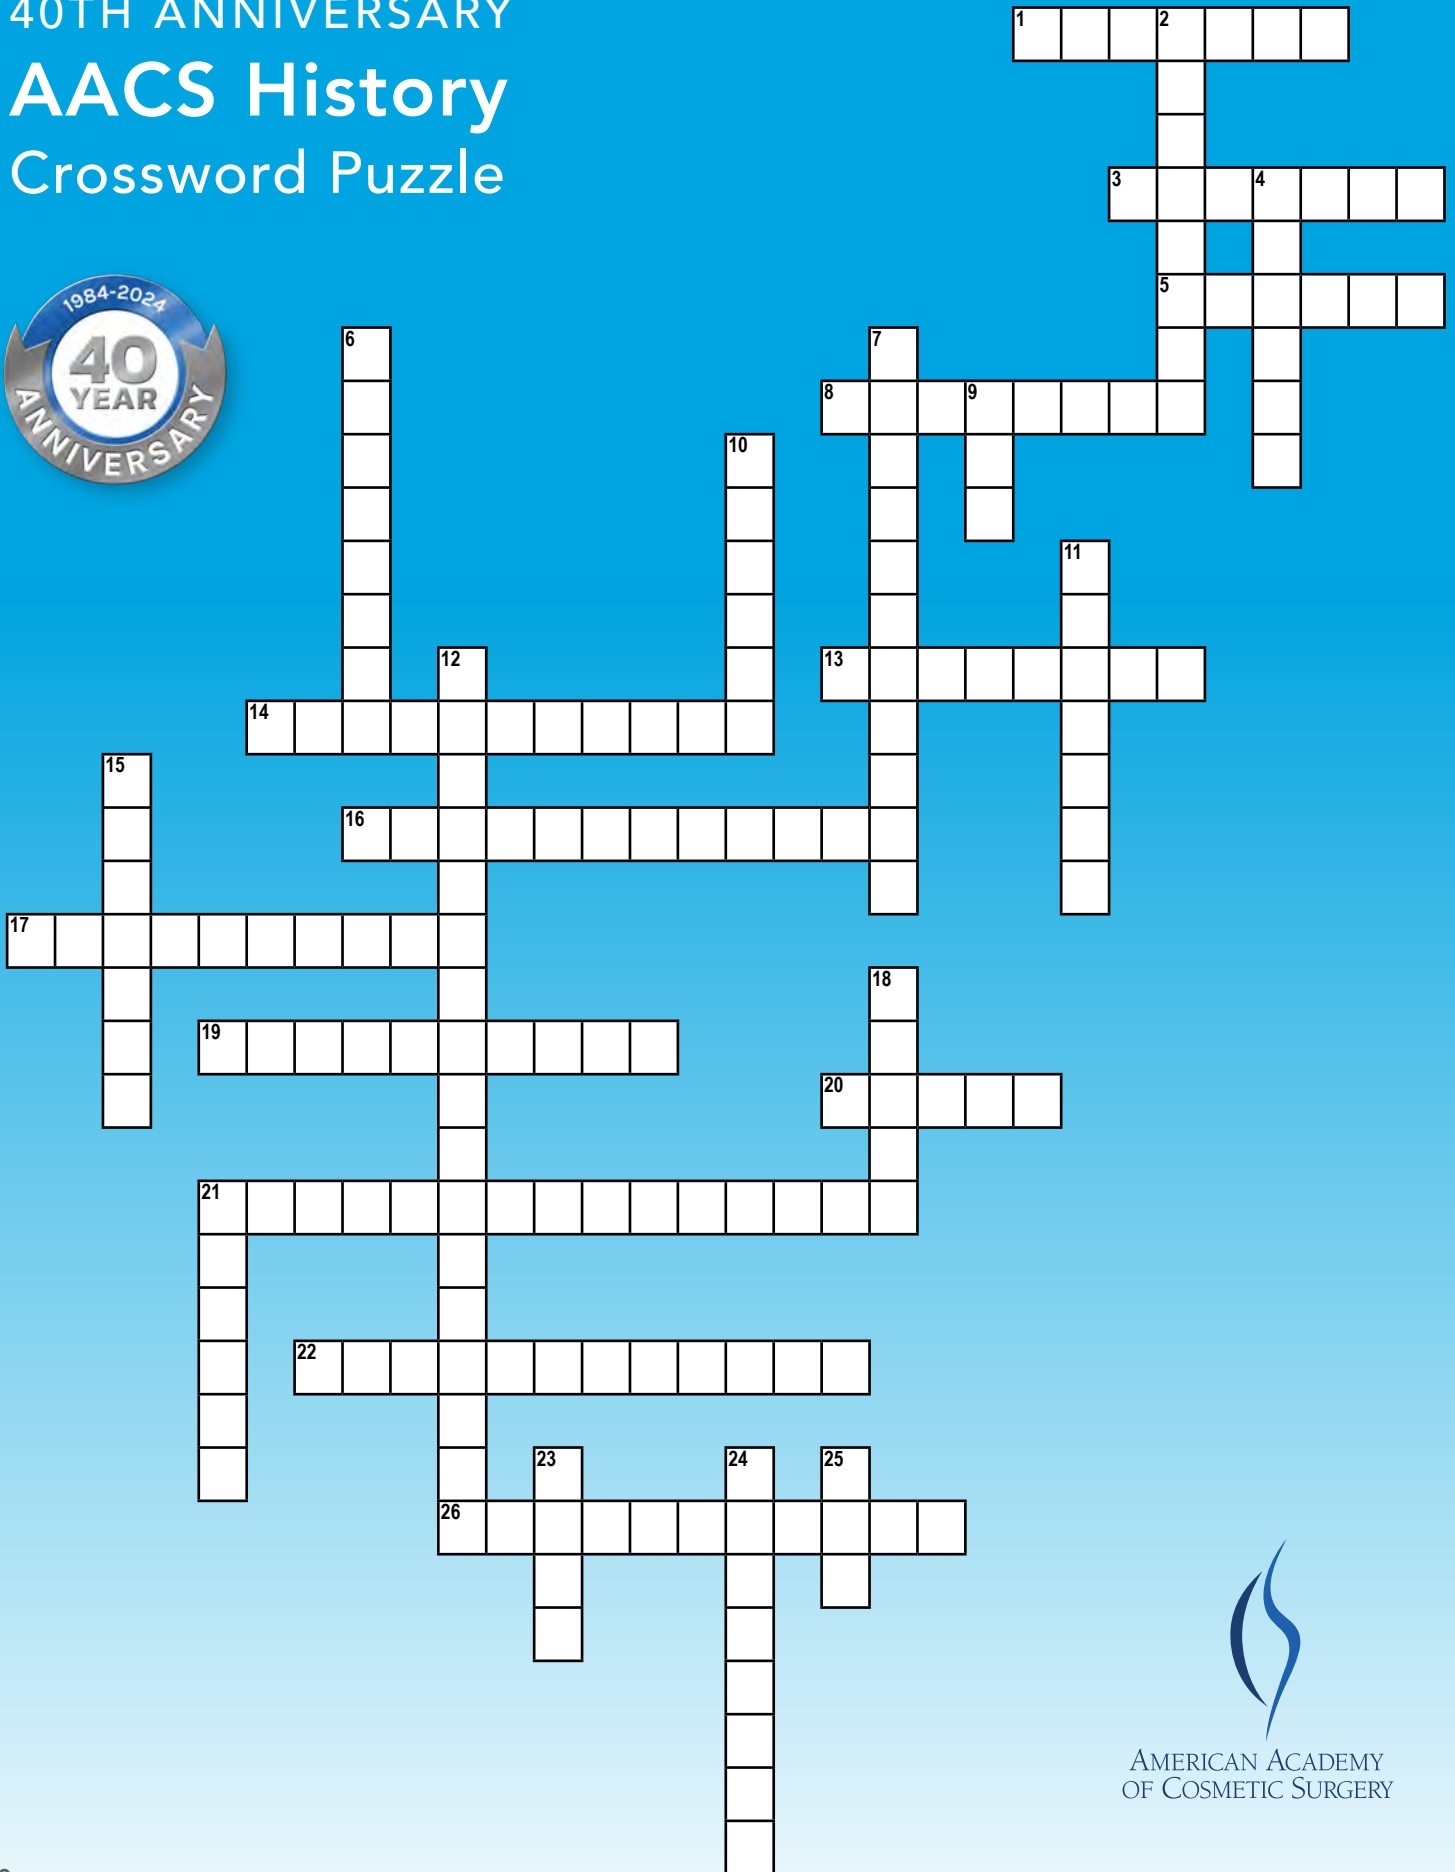

The Cosmetic Surgery Foundation is the first and only organization to represent the interests of cosmetic surgery. The Foundation is committed to the advancement of the science of cosmetic surgery and the enhancement of patient safety and trust.

Your tax-deductible gift of \$100 per month will help the Foundation support research, programming, and other training initiatives to expand our knowledge base and to elevate awareness within the cosmetic surgery community and the public at large about issues that concern our membership.

To date, the Foundation has awarded over \$1 million in research and educational grants.

- 1 Research**
The Cosmetic Surgery Foundation funds research projects that advance the scientific knowledge and new methods of cosmetic surgical care.
- 2 Scholarship**
The Cosmetic Surgery Foundation seeks to establish and sustain a fund for providing AACS Training Fellows and Residents educational materials and experiences.
- 3 Service**
The Cosmetic Surgery Foundation seeks to create a national service program by which AACS members can provide care to in need populations.

We're working to protect the Cosmetic Surgery specialty.
You can help.

Cosmetic surgery advocacy is critical. When legislation arises that restricts cosmetic surgeons' free speech or ability to practice, our advocates work to quickly develop a strategy to respond.

We are making strides. The AACS and ABCS have already established six state sub-committees of cosmetic surgeon advocates under the AACS central committee.

Get involved today. Join our advocacy session to learn how you can elevate our specialty by fighting competitors' efforts to delegitimize our hard-earned credentials.
