Diagnosis and Treatment of Aging Lips

March 23, 2022
7:30 pm Central Time
Zoom

Learning Objectives

1. Review the facial anatomy.
2. Review the facial and peri-oral aging process.
3. Incorporate peri-oral diagnosis as part of the routine facial evaluation.
4. Discuss treatment options for peri-oral aging.
5. List at least two non-surgical options, including their indications, contraindications, and complications.
6. List at least two surgical options, including their indications, contraindications, and complications.

Kamran Dastoury, MD

*Modern Surgical
Arts of Denver,
Englewood, CO*

Dr. Dastoury is a double board-certified cosmetic surgeon, who has dedicated his practice to the art of aesthetic surgery where he practices as medical director of Modern Surgical Arts of Denver.

In the historic city of New Orleans, he attended LSU School of Medicine where he received his medical degree. Dr. Dastoury also completed his general surgery internship at ILH Charity hospital, a Level I trauma hospital located in downtown New Orleans. Dr. Dastoury completed 6 years of surgical specialty training in maxillofacial surgery at ILH Charity Hospital in New Orleans. During that time, he trained in aspects of facial surgery such as cosmetic surgery, trauma, head & neck cancer, microvascular reconstruction, and pediatric craniofacial surgery. During his residency, he also had extensive training in anesthesia, which enabled him to attain his general anesthesia certificate in California and Colorado.

After discovering his passion for aesthetic surgery, Dr. Dastoury pursued further subspecialty training in facial & body cosmetic surgery in order to provide the best aesthetic care for his patients. He completed another full year in general cosmetic surgery through the American Academy of Cosmetic Surgery fellowship program in Southern California.

In accordance with the ACCME Accreditation Criteria, the American College of Surgeons must ensure that anyone in a position to control the content of the educational activity (planners and speakers/authors/discussants/moderators) has disclosed all financial relationships with any commercial interest (termed by the ACCME as “ineligible companies”, defined below) held in the last 24 months (see below for definitions). Please note that first authors were required to collect and submit disclosure information on behalf all other authors/contributors, if applicable.

Ineligible Company: The ACCME defines an “ineligible company” as any entity producing, marketing, re-selling, or distributing health care goods or services used on or consumed by patients. Providers of clinical services directly to patients are NOT included in this definition.

Financial Relationships: Relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received, or expected. ACCME considers relationships of the person involved in the CME activity to include financial relationships of a spouse or partner.

Conflict of Interest: Circumstances create a conflict of interest when an individual has an opportunity to affect CME content about products or services of an ineligible company with which he/she has a financial relationship.

The ACCME also requires that ACS manage any reported conflict and eliminate the potential for bias during the educational activity. Any conflicts noted below have been managed to our satisfaction. The disclosure information is intended to identify any commercial relationships and allow learners to form their own judgments. However, if you perceive a bias during the educational activity, please report it on the evaluation.
